An Experience of riding Airboard (with a both-way welcome and send off service)

* Rather than playing sleigh by going to a skiing area, how is an Airboard at the mountain in Sapporo?

Summary of Tour

Enjoy riding the Airboard at the snow top of the Moere Park (Mt.Moere, 62m height) in Sapporo. Since edges are attached at the bottom unlike sleigh, turning right and left is also available. Moreover, speed is slightly up but keeping it safely on the snow, without overturning. (with a both-way welcome and send-off service).

The inside of the Moere-park is "a snowy field of snow-white". Even if it is only the scene in here, people coming from southern countries will be impressed.
